SIPA's Annual Meeting & Conference

Sponsorship Opportunities

Join SIPA as we head to San Antonio, Texas for the 2012 SIPA Annual Meeting & Roundup. Builders, architects and SIP manufacturers from across North America will convene for the one and only conference that focuses exclusively on structural insulated panels. For nearly two decades, the SIPA Annual Meeting has served as a focal point for those that believe SIPs can lead the way to constructing the sustainable, energy-efficient buildings of the future.

SIPA offers a number of options to reach attendees and further your company's message through our industry trade show and sponsorship opportunities. Sponsoring the SIPA Annual Meeting is a great way to improve your visibility in the SIP industry and align your company with one of the leading green building technologies.

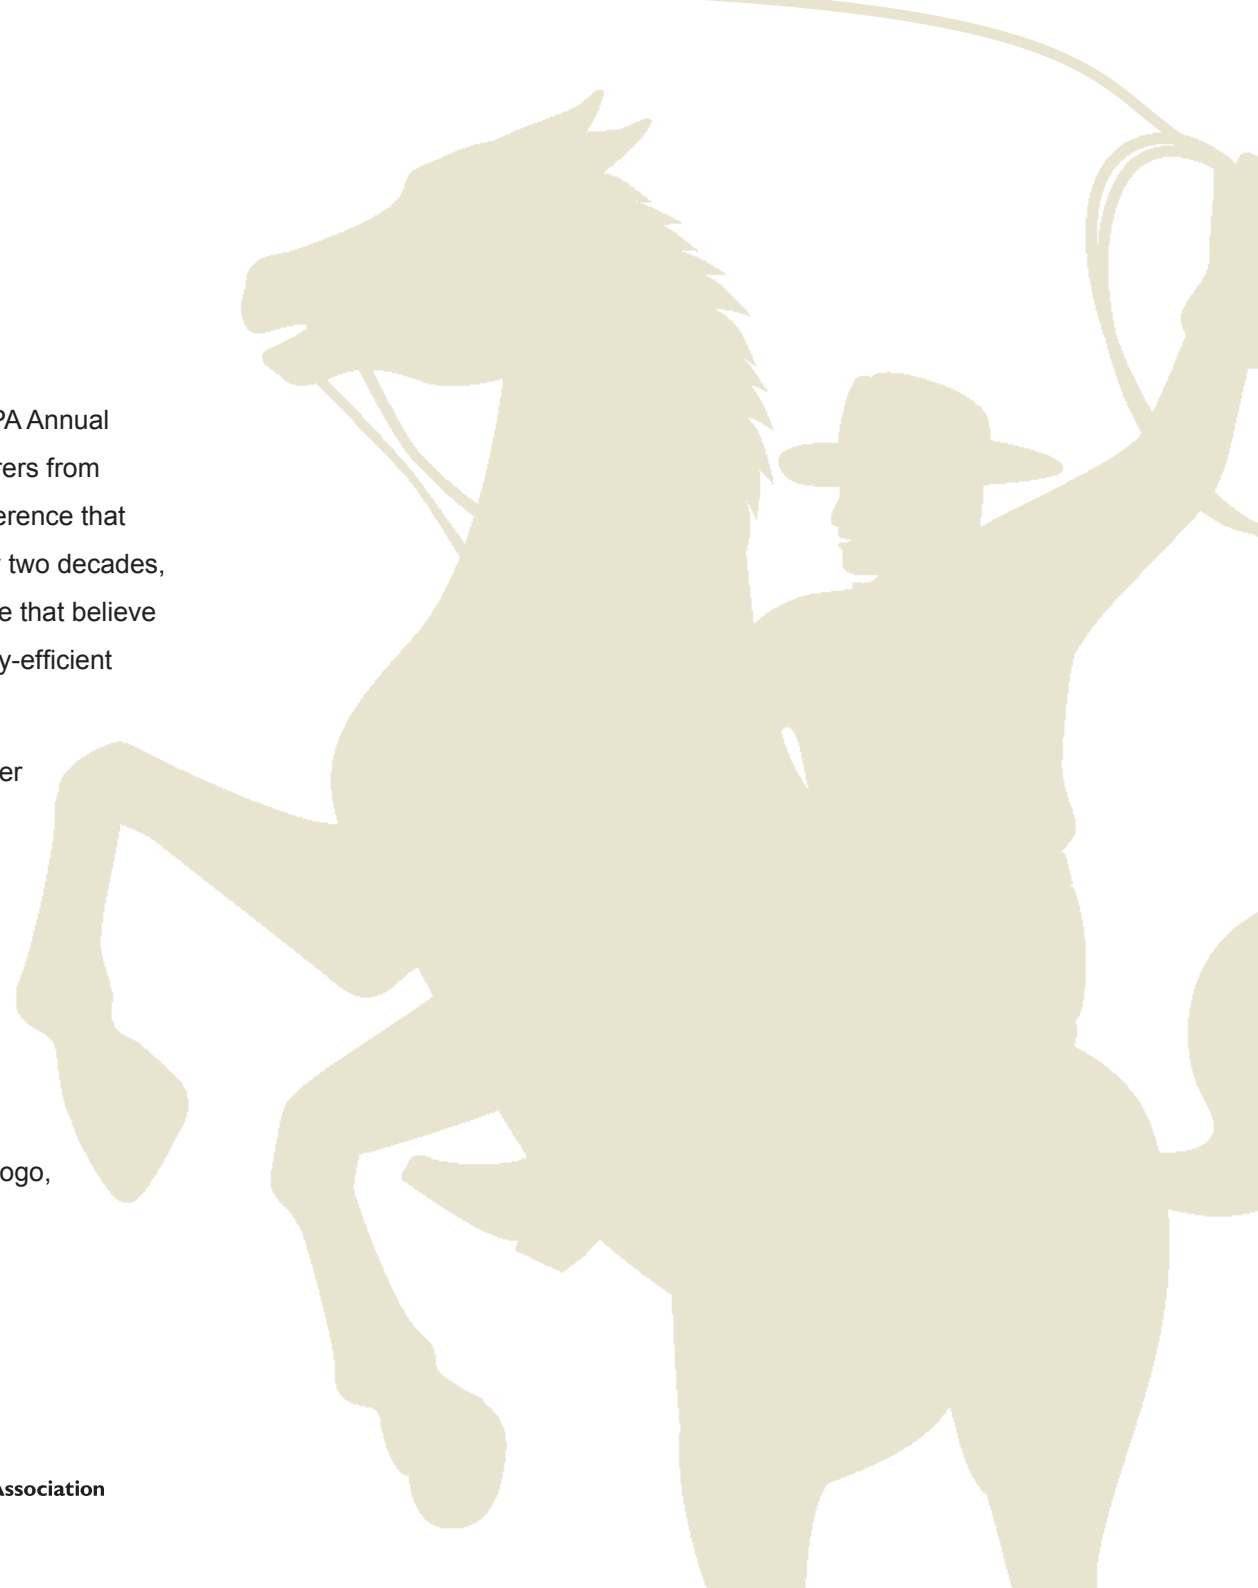

It is the generous support of the meeting sponsors that allows SIPA to host this unique event each year. All sponsors receive an exhibit space, onsite signage with your company logo, and recognition on the SIPA website (www.sips.org).

Sincerely,

Bill Wachtlar

Executive Director
